

# BICYCLE REWARDS

*Bike to work and earn \$100*

[Commute.org](https://www.commute.org)

# Commuters who live or work in San Mateo County can receive up to \$100 for riding their bicycle to work!

## How does it work?

Commuters who live or work in San Mateo County can receive up to \$100 when they log their bicycle commutes on STAR ([my.commute.org](http://my.commute.org)) by connecting a Strava account for automatic trip tracking.

- Bicycle commutes must start or end in San Mateo County.
- Trips must be tracked using the Strava app and automatically reported to the STAR platform via the connected app option to count toward rewards.
- The STAR platform will only count Strava trips that start or end at the same work address commuters have saved in their STAR profile.
- There is a limit of four rewards (\$100 total) per person.
